## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest, in the claimed combination, an apparatus for detecting intruder passing through a protected volume comprising a first means for generating and modulating electromagnetic wave energy, a second means for radiating the electromagnetic wave energy into the protected volume; a third means for collecting a portion of the radiated electromagnetic wave energy; a fourth means capable of redirecting a portion of the electromagnetic wave energy from the second means toward an associated fifth means for reflecting, the fifth means capable of redirecting the electromagnetic wave energy back along the same line of propagation to the fourth means and thus the third means; a structure capable of supporting the second means and the third means; a signal processing means coupled to the third means and capable of determining a range to objects irradiated by the radiated electromagnetic wave energy and monitoring a presence of electromagnetic beams associated with each fourth means and fifth means, and for detecting a physical presence of the intruder within the protected volume; and an alarm circuit coupled to the signal processing means for generating an alarm when at least one of the electromagnetic wave energy is interrupted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
